I hereby certify that no item of information in this Amended Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application, or, to my knowledge, after making reasonable inquiry, was known to any individual designated in §1.56(c) more than three months prior to the electronic filing of the original Information Disclosure Statement on November 8, 2006.

REMARKS

On November 8, 2006, an Information Disclosure Statement citing the above-referenced patents was filed electronically with the United States Patent and Trademark along with the appropriate fee. A copy of this filing is attached hereto.

Upon review of the electronic filing, it was discovered that a typographical error was made in the issue date for U.S. Patent No. 5,729,203, and the incorrect Certification Statement was selected. Applicants have corrected these errors and submits this Amended Information Disclosure Statement for the Examiner's review and evaluation.

Applicants believe that their SYSTEM FOR MONITORING HEALTH, WELLNESS AND FITNESS as described and claimed in the present application is neither taught nor suggested by this art. Accordingly, applicants' invention is believed to be patentable over these references.

Respectfully submitted,
